Ar 2024. gadu LVM aptur dubulto meža sertifikācijas procesu, izvēloties Eiropā vadošo sertifikācijas sistēmu – PEFC

Meža apsaimniekošana

18.12.2023.

AS "Latvijas valsts meži" no 2024. gada apturēs dubulto meža sertifikācijas procesu un turpinās mežu apsaimniekošanu sertificēt atbilstoši Latvijas PEFC meža apsaimniekošanas standartam, kas izstrādāts atbilstoši Starptautiskā PEFC prasībām un ir aktuālāks, Eiropā visbiežāk izmantots. Ņemot vērā, ka FSC® (*Forest Stewardship Council*), nav izstrādājis nacionālo standartu Latvijai, sertifikācija atbilstoši esošajiem standartiem Latvijā tiek apturēta līdz brīdim, kad nacionālais standarts tiks izstrādāts.

“ We have to put nature on the balance sheet. That’s exactly what nature credits do. When well-designed, they will provide an efficient, market-driven instrument that encourage the private sector to invest and innovate. With investment and innovation, we generate revenue for those who work to protect nature, including our farmers, our landowners, our foresters. ”
