AGENDA

Topic		Time
1	Welcome and housekeeping	2 min.
2	2026 Economic Chamber Engagement Plan	20 min.
3	Q&A session	35 min.
4	Closing	3 min.

Objectives of The Meeting

Presenting the proposed plan of activities for 2026 and gathering comments and inputs from the members

Identify the topics of interest that members would like to discuss in future meetings, which will help shape the agendas for the coming monthly sessions.

ENGAGEMENT PLAN 2026

Document: BM105.XX

Date: DD Month YYYY

Economic Chamber Engagement Plan

The purpose of this space is to create a regular opportunity for the Chamber to **stay informed**, coordinate **upcoming engagement activities**, and identify **issues, priorities, or questions** that may be relevant for the Economic Chamber throughout the year.

Chamber Facilitation 2026 - Objectives

Engagement model for the remaining 2026 cycle

- 1 **Members input:** Offer a permanent space to receive and listen chamber perspectives before each Board meeting.
- 2 **Effective participation:** Help members navigate FSC processes, deadlines and participation opportunities in a timely manner to allow effective engagement.
- 3 **Earlier visibility:** identify priorities, tensions, emerging issues, opportunities globally as well regional perspectives.

The role of Chamber Facilitator is facilitation and synthesis.

Activities for Q2–Q4 - 2026

Member communication channels

E-mails	Economic Chamber ("Pulse")	Meeting participation & reports	WhatsApp groups
Formal and targeted	Short periodic update	Traceability after dialogue	Fast and informal touchpoint
Used for invitations, save-the-dates, deadlines, registration links and pre-Board communications.	Provides concise visibility on upcoming engagement moments, relevant timelines, key signals and what comes next.	Short synthesis notes capture main messages, emerging concerns, follow-up points and references to next steps.	Useful for reminders, quick clarifications and light coordination with members through mobile channels.
			This Will be administrated by Chamber Facilitator. Any important discussion will be share with the board members

The communication mix should balance formal traceability, timely orientation and low-friction reach across the chamber.

Outputs

1

Pre & Post Board meetings

A concise chamber note with priority concerns, questions to watch and any signals requiring Board attention. Decisions and discussion items.

2

Between Board meetings

Member orientation updates, insights from chamber conversations, case analysis takeaways and regional engagement reports.

3

At year-end

An annual **FSC Radar of Emerging Issues** highlighting cross-cutting themes, persistent risks and areas for follow-up.

By year-end, the Board should have a clearer view of:

- Which issues are recurring across the Economic Chamber.
- Where member guidance is still needed
- What regional signals may require closer attention.
- Which tensions are emerging early enough to address proactively.
- Prepare the chamber for the 2027 pre-engagement agenda.

Q&A SESSION

Does the proposed engagement structure respond to the needs of the Economic Chamber?

Are there any activities that should be adjusted, added, or simplified?

Which topics would you like to see addressed in future Monthly Check-ins?

Thank you
